The long distance bombardment of Paris continued Wednesday. There were no victims.

Soldiers, in Italian army, are given cigars as part of their daily rations.

The island of Guam, a mere speck in the South Pacific, has subscribed for \$15,000 of Liberty Bonds.

Two more South American republics are on the verge of declaring war on Germany. We already have too many allies who have declared war and stopped at that.

A man named Botes at Paducah has been fined for sailing under false colors. He was caught running a gambling house.

Lyman G. Barrett, local editor of the Hartford Herald, has been called for military service at Camp Taylor.

One of the new soldiers from Ohio county is named Canary. He ought to enter the flying corps unless they need him to detect gas in the trenches.

The admiralty has announced the cessation of the weekly return of shipping losses and the submission of a monthly report on the Thursday following the 21st of each month.

Marjorie Moreland, who since 1913 has been Nat Goodwin's fifth wife, is to divorce him like all the rest of his beautiful ex-wives, including such well known actresses as Maxine Elliott and Edna Goodrich. All except No. 1 are living.

A decision of the government to fix the price of raw wool on the basis of that prevailing on July 30, last, probably will be announced at the conclusion of conferences to be held in Boston and Washington. Wool dealers meet in Boston and the growers in Washington.

A German airplane which was approaching Paris at night, was caught by the French searchlights, taken under a violent fire and compelled to land near Nogent L'Artaud. It was a bombing tri-plane. The crew, consisting of a lieutenant, a non-commissioned officer, and a machine gunner, was captured.

The British aviation men took an considerably over Richtopon, the best of Hun fliers, when they brought him down. They gave him a funeral his friends felt proud of and a wreath inscribed "A valiant and worthy foe." He must have been a fighter of soldiers and not a mid-night assassin of sleeping civilians.

Governor Gardner has tendered to Champ Clark, speaker of the house of representatives, the appointment as senator to succeed the late William J. Stone. The tendering of the office to the speaker had been expected by many members of the house of representatives, but they do not believe Mr. Clark will surrender the speakership to accept it.

In the third attack of the Huns, on the British sector, Villers-Bretonneux, which nestles on a ridge over looking the long stretch of the Somme valley, was the storm center, and here the enemy for the first time since the war had begun had tanks in action. Three of these engines of war accompanied the storming infantry, which at latest reports had battled forward into the eastern outskirts of the town, where severe fighting took place.

"A Democrat doesn't look any better to me than a Republican," said William McAdoo, Secretary of the Treasury, in refusing to address a party of prominent Democrats after his Liberty Loan speech at Albuquerque, N. M. "I am on a trip to sell Liberty Bonds, not to play politics. I have three sons in the service. I think more of them than politics." In introducing Mr. McAdoo the Liberty Loan chairman spoke of him as possibly the next President of the United States. Mr. McAdoo took exception to the remark and, addressing the audience, repudiated the assertion, reiterating that he was not playing politics, but selling bonds. "We need the bonds to win the war," he said.

WILL BUILD PLAYGROUND

WILGUS ESTATE TO BE USED
FOR BENEFIT OF WHITE
CHILDREN.

PART HIGH SCHOOL LOT
IS SELECTED BY THE COMMITTEE FROM THE SCHOOL BOARD OF TRUSTEES.

The committee appointed by the Board of Education of Hopkinsville consisting of Messrs. Morris, Thomas and Cornette, members of the Board of Education, has agreed to purchase from the city the school lot in the rear of the Westside School building. This transaction is in accord with the provisions of the will of the late W. A. Wilgus leaving the bulk of his estate to the city of Hopkinsville to be used to purchase and improve public playground for the white children of this city. The will provides that this fund shall be administered by a committee appointed from the Board of Education by the chairman.

The only act necessary to complete the transfer of the above mentioned lot, which contains about one acre, is the examination of the title and the passing of the deed. When this is done the committee will begin the consideration of such improvements as will make this an ideal play place for the children of this city.

SAME NAME AS HINDU HERE

RAM SINGH, SLAIN IN FRISCO,
PROBABLY MAN UNDER ARREST AT LOUISVILLE.

Louisville, Ky., April 25.—Ram Singh, the Hindu who shot and killed Ram Chandra, Hindu publisher, in the court room at San Francisco Tuesday during the trial of the Hindu charged with conspiring to cause a revolution in India, and who was himself slain by a shot from Marshal Holohan's revolver, bears the same name as the Hindu who was active in Kentucky last summer, and who wound up in jail here.

"Prince Ram Singh" had posed in Kentucky as a theological student, and had been received into many homes here and in Hopkinsville and Henderson. He was even reported to be engaged to marry a wealthy Henderson woman. Investigation by federal authorities showed him to be under suspicion as a dangerous character and a German agent. He was taken in charge by federal authorities, but was sentenced to jail for sixty days October 18.

He left the Louisville jail December 16.

IT'S THE YANKES.

Survivors of the British raid on Zeebrugge say the Germans believed the British landing parties were Americans. "It's the Americans, it's the Yankees," some of them are credited with exclaiming, and they bolted en masse, deserting the batteries.

SEATS COLLAPSED.

A tier of seats fell in a tent show at Mayfield and 100 negroes fell in a pile. A few bones were broken, but most of them escaped with scratches and bruises.

The Overseas club of London has collected nearly \$5,000,000 for war purposes.

OIL COMPANY INCORPORATED

LOCAL BUSINESS MEN PRINCIPAL INCORPORATORS OF
NEW CONCERN.

The Christian County Oil and Refining Company has been organized and the articles of incorporation filed yesterday in the County Clerk's office at Hopkinsville. The incorporators are Ed L. Weathers, Hugh West, and John Stites, all of this city, and C. C. Jones, of Memphis.

Hopkinsville will be the headquarters of this new company which is capitalized for \$300,000 with \$30,000 shares of stock at \$10 per share par value.

The company expects to begin operations soon in the northern part of Christian county where it holds leases on about six thousand acres of land which shows evidences of being rich in mineral oil.

TRAINING CAMP GRADUATES

THIRTY-TWO KENTUCKIANS ONE
FROM HOPKINSVILLE ARE
ON THE ELIGIBLE LIST.

Twenty-four Kentuckians were successful graduates at the third officers' training camp at Fort Oglethorpe, Ga., according to a list made public by the Committee on Public Information, by authority of the Adjutant General. These men will be carried on an eligible officers list and commissioned at such times as suitable vacancies occur.

The Kentucky men, with their home addresses and arm of service for which they qualified, follow:

Elbert Branham, Hitchens, Ky., infantry.
Troy Combs, Emmalena, Ky., infantry.
William M. Conniff, Irvington, Ky., infantry.
Robert W. Denham, R. R., No. 3, Princeton, Ky., infantry.

ALLIES YIELD GROUND IN FLANDERS

(By International News Service.)

London, April 25.—The Allies in the course of to-day's fighting were compelled to withdraw from positions held this morning at Dranoutre, Kemmel and Vierstraet, all Northeast of Baileul, on the Flanders front, Field Marshal Haig announced in an official statement to-night.

South of the Somme river, at Villers Bretonneux, nine miles east of Amiens, the Allied lines were pushed forward and six hundred prisoners taken.

In Flanders the Allies to-day suffered a reverse but in Picardy they snatched victory out of the jaws of defeat. Incidentally tank met tank for the first time. Germans flung every ounce of their energy into Flanders all day long in massed assaults on a ten mile line from North of Baileul to East of Wytschaete. The result after days of heroic resistance, the Allies had to "withdraw from the positions they held this morning." In the words of Haig's night report.

TO STRIKE FOR MURDERER

(By International News Service.)

Seattle, Wash., April 25.—The Seattle Central Labor Council today endorsed the strike of one day, May 1, as a demonstration in favor of Thomas Mooney, the convicted murderer.

CRITICALLY ILL.

Master Wm. McCullom, who is at Jennie Stuart Hospital, was worse last night and desperately ill.

Now it is safe to plant your garden.

(By International News Service.)

Haig's statement adds however that "fighting continues," so the tide may yet turn on this front as it turned in Picardy. Villers Bretonneux, the Village, nine miles east of Amiens, is to-night again in the possession of the British after changing hands at least four times in the last twenty-four hours.

The whole British Ypres Salient and ultimately the front North, through Dixmude to the sea, is in danger of capture. Kemmel Height, upon which depends

More Big Claims.

Berlin, April 25.—With the aid of tanks, German troops captured the Village of Hangard on Santerre, German war office announced to-day. 2 thousand prisoners were taken.

This Sounds Better.

London, April 25.—The British recaptured the Villers Bretonneux, 10 miles southeast of Amiens, Field Marshal Haig announced to-night.

FIGURES GIVEN

In the fight last Sunday at Toul, 10 or 12 Americans were killed and about 20 wounded and the German claim that 183 prisoners were taken seems to have been well founded, since the entire casualties have been put at about 200 in the fight.

BIG STRIKE

CLASS OF 1887 TAKEN IN

AND DIVINITY STUDENTS ARE
TO BE NO LONGER EXEMPT-
ED UNDER DRAFT LAW.

(By International News Service.)

Washington, April 25.—Drafting of men who have become 21 since last June 5, was approved this afternoon by the House. Under an amendment they will be put at the foot of the list and called only when all available men under last year's registration have been taken into the service. This and another amendment which does away with military exemption for divinity students, will necessitate a conference with the Senate.

BRITISH LOSSES REPLACED

(By International News Service.)

London, April 25.—When the munitions vote came up in the House of Commons to-day, Winston Churchill, Minister of Munitions, made some frank admissions regarding British material losses in the Western fighting since the German offensive began, but at the same time he cheered the House and country with the announcement that these losses have been more than replaced. About one thousand guns, between 4,000 and 5,000 machine guns and the total ammunition output of between one and three weeks were lost. Mr. Churchill declared, however, that the losses in ammunition have been made good and that he had placed at the disposal of the military authorities twice as many guns as were lost. New and better tanks have replaced those lost. More airplanes are turned out in a week now than were during the whole year of 1914. "During the present year," said Mr. Churchill, "we will produce several times the output of airplanes in 1917."

ORATORY FLOWS AT HOWELL

THE PRELIMINARY CONTEST IS
HEARD BY CROWDED HOUSE
—SPEECHES FINE.

The preliminary oratorical contest held at the Howell school, Howell, Ky., last night brought out a crowded house. The contest was held to select the contestants who will compete tonight in the Inter-School Contest at Newstead. The winner in the boys' contest last night was Fagon Dixon and the winner in contest of the girls was Cecil Crenshaw.

The program was as follows:
Cecil Crenshaw—Subject: "Opportunity."
Lelia Garnett—Subject: "America's Heritage and Birthright."
Ruth Proctor—Subject: "The Uncrowned Hero."
Fagon Dixon—Subject: "The Righteous War."

The judges were Profs. G. C. Koffman and Pete Edwards and Miss Martha E. Soyars, all of Hopkinsville. The addresses were all high class.

Washington, April 25.—John D. Ryan started to-day his task of pushing through the aircraft program. He conferred with members of the aircraft board and admitted he "wanted to learn."

MASS MEETING ON ACCOUNT OF LIBERTY DAY

PRESIDENT PROCLAIMS DAY
WHICH WILL BE OBSERVED
NATIONWIDE

AT CHRISTIAN CHURCH

TALENTED SPEAKERS WILL ADDRESS
MEETING TO PROMOTE
—PATRIOTIC MUSIC.

This is Liberty Day. And it is Liberty Day throughout the Nation. President Wilson has so proclaimed it. Governors of states have proclaimed it as such. All patriotic citizens are expected to observe it accordingly.

Tonight at the Ninth Street Christian church at 8 o'clock the citizens of Hopkinsville and Christian county will assemble in a mass meeting to celebrate in proper fashion the observance of Liberty Day and give expression to the spirit that prompted the coming together.

There will be patriotic speeches. Those who are to speak are S. Y. Trimble, Rev. E. S. Smith and James Breathitt, Jr. Either of these speakers will say enough good things to justify your coming out, but you may have it all for the effort required to come down town and occupy a good seat.

Liberty Day is a sort of climax to the liberty loan campaign, but it is yet much below the amount necessary to raise. Christian county has oversubscribed but there are many who have done little or nothing. The committee and salesmen are trying to increase our \$530,000 to \$600,000 by May 4. Today will, it is expected, add many subscriptions.

Pembroke will fittingly observe the day and we hope many other sections will do likewise.

ATHENAEUM MEETING MAY 2

LIST OF THE "AFTER DINNER"
SPEAKERS AT THE "EAT-
LESS" BANQUET.

The seventeenth annual banquet of the Athenaeum, this time an Eat-less Banquet, will be held at Hotel Latham on the evening of Thursday, May 2nd, with the following literary program:

President John Stites, Toastmaster.
G. C. Koffman—"War and Education."
J. W. Downer—"Handling a Bad Case."
J. G. Gaither—"Gassed."
T. C. Underwood—"Generally Speaking."
Ira L. Smith—"A Bitless Bit."

CHAMP CLARK TO BE SENATOR

(By International News Service.)

Washington, April 25.—Speaker Clark, who has been urged to resign and accept the Senatorship left vacant by the death of Senator Stone, delayed his decision to-night until tomorrow. It is believed he will accept.

OUR SERVICE FLAG

WELCOME SAMUEL!

Nobody who is at all well read
would gainsay the statement that
less than four years ago Samuel
Gompers, politically, held the balance
of power in the United States; and,
industrially, was the most potent
influence in the Western Hemisphere.
This keystone position of Mr. Gom-
pers was made so by reason of his
position as the official and active
head of the American Federation of
Labor.

Being the head of a federation
composed of innumerable labor uni-
ons, leagues, and associations, his
influence, through these bodies, was
reflected upon, and extended to ev-
ery trade and every community. Po-
litically, Samuel Gompers has been
a wily sort of person. At times he
was a democrat, again a republican,
and then a socialist, as one or the
other party appeared to dominate the
Federation of Labor. In other words
Gompers went the way the wind
blew strongest.

Until America entered the war
Mr. Gompers was a pacifist. This
pacifism is an outgrowth of social-
ism. But Mr. Gompers was some-
thing else before either a socialist or
a pacifist. He was, and is, a red-
blooded American citizen. When
Uncle Sam threw socialism, pacifism,
and German propaganda over-
board and entered into the war
against Germany, Sam Gompers
didn't go into the scrap heap nor
overboard. Not at all. Being a
red-blooded American citizen he cast
off his pacifist cloak and rushed into
the loyalty camp and on April 20 in
Cleveland we hear him thundering
to the world the denunciation:

"There is no such thing as an
American Socialist party. The
American Socialist organiza-
tion is merely a branch of the
one in Germany—it is a part of
German propaganda."

Well said, Mr. Gompers, and none
could have said it better nor with a
larger knowledge of the truth than
you. Whenever there has been a so-
cialist party in this country there has
always been a German influence if
not Germans themselves. The war
has made this very plain to a wide-
awake individual and there is no mid-
dle ground. That's why Samuel
Gompers, being an American citizen
first, has thrown socialism and paci-
fism into the junk heap and come out
squarely and flatfooted for Ameri-
can policies.

Speak on, Samuel, and welcome to
our American loyalty camp. Thine
eyes have been opened and thou dost
not see through a glass darkly while
Uncle Sam is praying and our boys
are bleeding and dying for the land
that has mothered you all your days
—the land that has made you free.

Harry Sommers says President
Wilson, who took a ride in a tank, is
not the first man in Washington to
get tanked. And when he burned his
head he was not the first man to
get the hot end of a tanking up
reputation.

ITALIAN CHILDREN GIVE BRITISH TOMMIES A PARTY

Next to fighting, making friends is the chief accomplishment of the British Tommies. In Italy, where they have gone to help the Italians smash the Boche, they have made a great hit with the kiddies. So fond have the children become of the British soldiers that they flock around them at every opportunity. In this British official photograph a lively group of Italian kiddies is shown entertaining the Tommies at a party.

HISTORIC TOTEM POLES IN BRITISH COLUMBIA ARE RAPIDLY VANISHING:

(By International News Service.)

Vancouver, B. C., April 25.—The
totem poles are going. These quaint
monuments of a vanishing race that
have made the coast of British Col-
umbia and southeastern Alaska fa-
mous are fast disappearing under
the influence of wind and weather.

Once the designing and construct-
ing of totem poles flourished among
the Haidas and to a lesser extent
among the Tsimpsian Indians. This
was long before the white man in-
vaded the Pacific Northwest. Real
totem poles with the history of
tribes and families carved into their
odd structures are no longer made
and each year sees some of the older
ones disappear. Some are still
standing in their original positions in
the village of Kitwanga, on the Skee-
na River. Some of these are said to
be 200 years old.

AVIATOR LIEUT- ENANT DROWNED.

Panama, April 25.—Lieut. A. J.
France was drowned in Gatun Lake
yesterday. A hydro-air-plane in
which he was flying caught fire at a
height of 3,000 feet. It came down
safely, but Lieut. France was drown-
ed while attempting to swim ashore.
Lieut. Evans, who was piloting the
machine, escaped.

TO SIZE THEM UP.

A committee of thirty-four was
appointed by New York Democrats
to pass on the qualifications of a
score of men proposed as candidates
for Governor. None of these was
mentioned by name. The convention
passed resolutions extolling the Ad-
ministration of President Wilson.

McCREARY COUNTY

DOES WELL.

Somerset, Ky., April 25.—What
community can beat this?

McCreary county, the newly-made
pauper county, whose allotment in
the third Liberty Loan was only
73,800, has come forward with sub-
scriptions totaling \$100,500 from
the towns of Stearns, Worley, Fide-
lity, Barthel and Yamacraw. These
are mining camps. The subscrip-
tions were made by the employees of
the Stearns Coal & Lumber Compa-
ny. This does not include subscrip-
tion of the company.

At some mining camps every per-
son living there owned a bond. The
two days' campaign closed Sunday
night with a mass meeting at Stearns.
At this meeting \$25,500 was sub-
scribed to make the \$100,000 which
the Stearns people had set as their
goal.

BAND OF 300 HAS ONLY 28 MUSICIANS, BUT ALL AT "PRACTICE" ON SUNDAY.

(By International News Service.)

Norristown, Pa., April 24.—Potts-
town, this county, has a band with a
membership of between 250 and 300
men, but the license court brought
out the fact that only twenty-eight
of them can play a musical instru-
ment. The prosperity of the organi-
zation was discovered to be due to
its charter, which gives the privilege
of dispensing booze on Sundays.

FILM THRILLER CAUSES YOUTH TO "GET IN GAME."

(By International News Service.)

Petersburg, Ind., April 24.—Mim-
icking film thrillers came near caus-
ing the death of one movie devotee
here. Denver Robling, sixteen,
farmer's son, had been to a motion
picture theatre. He was stirred by
the hair breadth escapes of the hero
and on the way home opportunity of-
fered for a race with a fast train. He
didn't make it. One horse of his
team was killed, the other badly
and Robling was injured. The boy
recently dropped from a beam of the
railroad bridge over the Patoka Riv-
er on to the top of a speeding train.
And he's not the least bit discour-
aged.

DR. JENKINS

ing at the Twenty-second and Walnut
street Baptist church, will address

at the Baptist Seminary at noon
Friday. His singer, Mr. Jolly, will

TO CUT OUT JOY RIDING.

Leading automobile manufactur-
ers of the country met in Washing-
ton Tuesday with officials of the Fuel
Administration and War Industries
Board to agree upon a voluntary
curtailment of passenger automobile
manufacture, which probably will to-
tal 75 per cent., after July 1. There
already is a 30 per cent. curtailment
order in effect.

KEEP ON WORKING.

Secretary McAdoo has called upon
all Liberty Loan workers not to stop
when minimum is reached. "We are
not comparably sustaining our sons
in France," he said, "who are fight-
ing not for the minimum, but for
the maximum of America's right and
world liberty." The total Wednes-
day night stood \$1,790,478,150.

Right of Choice.

You cannot always choose your as-
sociates, but you can select your com-
panions, observes a sage. Circum-
stances may throw you with people
who are distasteful to you, but cir-
cumstances cannot force you to take them
to your hearts and into your confi-
dence. Choice is stronger than en-
vironment. Wherever you are, you al-
ways have the privilege of choosing.

Live Right.

Right living and the right kind of
work have changed many a stunted
boy into a well-developed man, asserts
an educator. Spiritual growth is not
greatly aided by sitting down and
thinking about it. Live in the sun-
shine of trust. Rely on a strength
higher than your own. Reach out
helpfully to others, and growth in the
divine life will look after itself.

35 COLORED MEN WILL GO

OFFICIAL ORDER NOT YET RE-
CEIVED BUT OTHER DE-
TAILS ARRANGED.

The Local Exemption Board has
not yet received the official order
from the Adjutant General, but some
other details have been perfected for
35 colored men of the draft to leave
Hopkinsville on the morning of May
6 for Detroit where they will enter
the Aviation Training School. Ar-
rangements have been made for the
men and only the official call from the
Adjutant General's office is needed to
be received by the local board before
the completion of all the details of
the selection of the 35 men.

If these men are sent as now
planned this will be the first quota of
colored troops to go from Christian
county, though many are waiting an-
xiously and willingly for an oppor-
tunity to get into the service. Every
drafted man who is actually farming
should be excused from going until
his crop is harvested and the local
board has expressed its intention of
excusing these men if they properly
make and file affidavits setting up
such claims. If a farmer ceases to
farm and goes to work at some other
work he becomes liable for U. S. ser-
vice at once and all such persons will
be called as soon as found out.

OLD JUDGMENT COMPROMISED.

Judgments against Green county
aggregating \$378,850.67 as result
of the celebrated railroad bond case
fought through the courts for the past
thirty years were compromised yes-
terday for \$80,000, bringing the liti-
gation to a close.

ORATORS FROM EVERY RANK TO
SPREAD LIBERTY LOAN DOC-
TRINE IN UNITED STATES.

ALLIED ARMIES ALSO HELP

Former President Taft, Governors of
Many States and Soldiers From
the Front Will Be Among
the Lists.

The speaking campaign in connection with the Third Liberty Loan will be one of the largest and most comprehensive ever undertaken in the history of the nation. Virtually the entire country has been organized along district lines. Beginning with the National Federal Speakers' Bureau in the Treasury Department, the work is in charge of organizations controlling units from federal reserve districts down to villages. In some cases the organization extends into rural communities.

The total number of speakers who will participate in the campaign will run into thousands. Between 400 and 500 of them will receive personal direction from the National Speakers' Bureau and about 3,000 will work under the direction of various other bureaus. All of the speakers are being supplied with fresh information in relation to the loan as it develops.

The personnel of the speakers' list embraces men in almost every walk of life, including a former President of the United States, members of the cabinet, state governors, federal officials and actors and actresses, both of the silent and speaking stages. Some of the persons who have agreed to make addresses are: Former President William Howard Taft, Secretary McAdoo, Secretary Lane, Secretary Daniels, John Burke, Treasurer of the United States; Maj. Gen. E. E. Swinton, Assistant Secretary of the British War Cabinet; Gov. Bamberger of Utah; Gov. Brough of Arkansas; William J. Bryan, former Secretary of State; Martin E. Glynn, former Governor of New York; Carl Vrooman, Assistant Secretary of Agriculture; Clarence Darrow, Charlie Chaplin, Douglas Fairbanks, Marguerite Clark, Mary Pickford, Lillian Russell, Marie Dressler, Harry Lauder, Alice Nielson and Katherine Ridgeway. Many theatrical stars who will be unable to leave their regular work will give Liberty Loan talks in lieu of encores.

Many soldiers from the allied armies have accepted invitations to talk. Scores of them from Australia, England, Scotland and Canada will speak in various parts of the United States as the campaign gets under way. Most of them are injured men. The preliminary Liberty Loan speaking tour also is being accomplished on a larger scale than ever before. By the opening date of the loan more than 500 Liberty Loan meetings will have been held in various cities. Patriotic meetings have been in progress in different parts of the country ever since March 11.

BOY SCOUTS WINS HONOR

C. D. Walles, 17, of Memphis, Sold
More Bonds Than Any Other
Scout in Town.

Boy Scouts did valiant service in selling Liberty Bonds of the first and second issues. Plans have been launched for the Scouts to sell many thousands more of bonds in the third issue. Out of the army of Scouts in America, C. D. Walles, Jr., 17 years old, of Memphis, Tenn., has the distinction of having sold the largest number of bonds of the second issue.

Young Walles has just received a gold medal, given by the president of the National Boy Scouts' Council in New York to the Scout who sold the most bonds. The Memphis youth, who is employed in a bank, sold 1,390 bonds, valued at \$445,000.

Troop 22, Boy Scouts, of which Walles is a member, won the state flag given by President Wilson for selling the largest amount of bonds. The troop sold \$665,000 in bonds.

WHY YOU INVEST IN BONDS

It is Easier Than to Pay Tribute to
the Kaiser and His War
Machine.

It took you a long time to wake up to the war, but now that the ruthless German war machine is battering at the gates of Paris and threatening the line of communication from England to France, you are beginning to realize that America also is menaced. Failure to support the government, which means failure to back the army in France, would bring disaster and shame upon every American citizen.

Invest in Liberty Bonds and receive the interest on your money and a final return of the principal or you will pay tribute to the Kaiser and get nothing in return.

Every theater in Los Angeles will hold a "Liberty Loan Night." It is expected that the movement will spread to every city and town in the United States.

GREATER VALUE in good clothes depends upon the attitude of the maker and the merchant toward you.

ONE HUNDRED AND ONE GERMAN LIES NAILED BY ST. LOUIS REPUBLIC.

Kaiserite Busy in America Spreading
German Propaganda.

Washington, D. C., April 25.—German propagandists have been busy since the entry of the United States into the war. Falsehoods of every character have been spread over every section of the country with the idea of abusing the confidence of the American people. So persistent has been the circulation of these carefully moulded pro-German lies that an official exposure of them has been issued as a pamphlet, entitled "The Kaiserite in America," by the Committee on Public Information, 8 Jackson Place, Washington, D. C. A copy of this pamphlet may be had free if inquiry will be directed to the Committee.

German Counterfeiting.

Tales have been current about interned German prisoners being fed five meals a day, about Red Cross supplies being sold to shopkeepers by dishonest officials, by criminal waste of food at training camps and many other like falsehoods either designed to discourage volunteer Red Cross work and the loyal efforts of housekeepers to save food or calculated to create a troublesome distrust of the Government.

The circulation of these stories is often due to the folly of a citizen who wishes to appear to have "inside information" and who either innocently or intentionally starts a lie that rapidly grows worse as it spreads. A collection of such lies and their refutation has been made by the St. Louis Republic. A hundred of them are included in "The Kaiserite in America."

ALREADY REBUILDING.

Hemet, Cal., April 25.—Nine earthquake shocks, severe in intensity, which began Monday at 3:37 p. m. and extended over a period of thirty hours, appear to have completed their work of destruction having caused property damage roughly estimated at \$500,000. Hemet and San Jacinto, which sustained heavy damage in Sunday's earthquake and slight additional losses from shocks Monday, have already begun the task of repairing homes and rebuilding their shattered business districts. Orders for building material have gone forward.

RED CROSS GETS 60 TONS OF SPAR

SOLD TO ELMIRA, N. Y. COMPANY FOR \$35.00 PER TON.

The fifteen or twenty floorspar companies in Crittenden county yesterday turned over to the Red Cross of Crittenden county about \$2,000 realized from the sale of 60 tons of spar contributed by the various companies, from one to three tons each. It was sold through Rogers, Brown & Co., of Cincinnati, who donated all commissions, and went to a steel company in Elmira, N. Y., at \$35 a ton. The following companies having offices in this city contributed about twenty per cent of the spar: Southern Mineral Co., Commodore Flourspar Co., Liberty Mining Co., Federal Spar Co., and American Minerals Co.

Dodging a Million (Mystery-Comedy Drama, 6 Reels)—Mabel Normand.
By Edgar Selwyn and A. M. Kennedy. This picture is a sensation. Nothing like it has ever been done in film production. Packed with thrills and surprises, it is refreshingly novel. Mabel Normand's first appearance as a star is a decidedly big event in itself, since she is an international favorite.

TWO PALS THAT ARE INSEPARABLE

The infantryman never parts with his rifle, even on his trips to "Blighly." Here is a Canadian Highlander taking advantage of a lull in the fighting to give a little attention to his nearest friend.

PRINCESS TODAY.

House Peters has long been a favorite of the photo-dramatic patrons—since his first appearance on the Paramount program in "The Girl of the Golden West." With years of training on the speaking stage in all parts of the world, a traveler and soldier of fortune himself, House Peters has brought to the screen the experience and study of an artist.

In "The Heir of the Ages" he is seen as a primitive man in the days of cave life and shows the human instincts of selfishness and love. Later the situations which confronted him ages ago come again when he is superintendent of a mine in a small Western town. He falls in love with an ignorant little mountain girl only to lose her to his worthless brother in the East and then nearly loses his life in an effort to save theirs.

REX TO-DAY.

Madge Evans, the World's famous kiddie star, will be seen in her latest success, "The Adventures of Carol," the charming little star has a powerful and effective role and as the story in which she is seen is surprising and effective, it is evident that this production furnishes the highest class of delightful entertainment. Madge and "The Adventure of Carol" will charm and delight everyone.

CLOSE-UPS IN SPORTDOM.

By Allen Markley, International News Service Staff Correspondent.

(By International News Service.)

New York, April 24.—Several of Britain's best known sportsmen and athletes have fallen on the west front since the German drive was launched. Lieut. J. F. Torsley, world famed long distance runner of Oxford, who was recently killed, is perhaps the best known of those whose names have appeared on the casualty list. Lieutenant Torsley, one of Oxford's "Blues," fell fighting and the London papers are still praising the bravery of the marathoner.

Captain F. J. D. Knowling, killed, was an all-round athlete, but best known in the hockey world. He began forcing his way to the top in professional hockey when he was only fifteen years old playing with Cheltenham. He later played several years with the Midlands and Wales. Captain J. D. Whalley, the leading golf player of England, also was killed.

Two of the best oarsmen have been mentioned in the late casualty lists. Captain C. E. P. Shankey, reported wounded, stroked the eight of the Royal Engineers on several occasions at the Henley regatta. Lieutenant P. T. Foster, classed among the missing and believed to be a prisoner behind the German lines, rowed in the first Trinity boat which won the challenge cup at Henley in 1911.

C. A. F. Ley, of the Royal Flying Corps, who was recently killed, was an excellent shot. He was a member of the Malvern College at Brisley in 1911, '12 and '13. In the latter year he was one of the four men who captured the veterans' trophy. Captain F. H. B. Selous, famous big game hunter and explorer also was killed. He was the athletic champion of Rugby School in 1915, when he left that institution to offer his services for his country.

Several of the leading colleges and university football players have either fallen or been severely wounded. Among the most notable are the following: Captain R. M. M. Lockheart, of Marlborough; Captain T. S. Gibson, of Gains College, and Major W. C. Wilson, famous English international player.

The war is costing Australia over \$400,000,000 a year.

AN APPEAL FOR FARMERS TO TAKE AND TRAIN BOYS.

By C. E. Carmack, Louisville, Ky.

The time has come when we cannot be choosers but must take the best we can get. This principal applies practically to all classes of people today, owing to conditions brought on by the World War. Of all classes of people that are hardest hit by these conditions is the employer of labor, whether he be a manufacturer, a merchant or a farmer.

The farmer, no less than the employer of labor in the city, has felt the drain of labor owing to the war. The active young men upon whom chiefly the farm work falls must be replaced by some one if production of food stuffs and meats is kept up to the normal of past years. But the demand is for more food so we can help supply the other nations who are helping us to make the world safe for democracy.

There are 2,000,000 High School boys in this country. Several thousand of these are in our own State and have enrolled in the U. S. Boys Working Reserve. These boys are willing and anxious to do their bit in helping to serve their country. Thousands and thousands of these boys have already pledged themselves to go to any farm where they may be sent and will do their best to aid the farmer. In other States calls from the farmers for boys have been greater than the supply.

A few of these High School boys have had farm experience, but the majority of them have never been on a farm and consequently do not know the first principles of farming. However, they declare they are willing to learn. They say they expect sore hands, tired muscles and hot, long days when they get to the farms, but are "nerved" to do their bit.

If the boys recognize that it is not play but hard work that they are undertaking and yet are willing to go, the farmer should be willing to take them and try them out. Further, the farmer should not expect too much from the boys, but should undertake to teach them how to work, with the idea of making them useful helpers not merely for this year but for the years to come.

They must realize the longer the war lasts the less farm help they can get, because Uncle Sam must have soldiers, and, therefore, it is the farmers' patriotic duty to take these boys and make farmers out of them. BE PATIENT WITH THEM, TEACH THEM, NOT ONLY FOR WHAT CAN BE GOTTEN OUT OF THEM THIS SEASON BUT TO MAKE THEM WORTH MORE ON THE FARM NEXT YEAR AND THE NEXT. If the farmers will be patient and not expect too much from the boys this year they will have a similar experience that the States of Indiana and Illinois are having this year,—want more boys than they can get. BE PATIENT WITH THE BOYS!

Make your needs for these boys known to your County Farm Agent, the County Director of the U. S. Boys Working Reserve or write C. A. Tevebaugh, Asst. Federal State Director, 345 Y. M. C. A. Bldg., Louisville, Ky.

Montgomery county, Tenn., has sold \$258,158 of bonds.

FOLLOWING THE FLAG.

Another Hopkinsville physician is likely to be called into the service of the United States army. Dr. Thornton W. Perkins went to Bowling Green Wednesday and was examined. Dr. Perkins was formerly a surgeon of the United States Army in the Boxer War in China and in the Spanish-American war in the Philippines. In addition to his large experience in the service of the United States, he is a physician and surgeon of much training and experience in civil practice.

Bishop Charles E. Woodcock of the Episcopal diocese of Kentucky has received an invitation from Europe to enter war work abroad and now has the matter under earnest consideration. Four Protestant Episcopal bishops already are in service at the various battlefronts and friends of the Kentucky bishop, knowing the appeal such a call would make to the military spirit of Bishop Woodcock would not be surprised to learn that he has decided to answer the summons.

Rollie Anderson and Otho Powell who left here Monday with R. E. Wiley and two or three others for Louisville to enlist in the Navy, passed their examinations and have already been sent to the Great Lakes Naval Training Station near Chicago.

R. E. Wiley, who this week re-enlisted in the U. S. Navy at Louisville, has been sent back to Hopkinsville on a recruiting trip to try to secure many more young men to go to Louisville, if possible, and enlist in the Navy. Mr. Wiley has application blanks for signing up any who will go. He brought with him a large supply of attractive posters and put them up all over town. He is also authorized to pay the transportation charges of those who will apply and go with him. He will be here only a few days.

First Lieut. Robert Hayes spent yesterday in Hopkinsville on a short trip home from Camp Shelby. He returned to camp last night, leaving on the mid-night train.

Mrs. Malcolm Frankel is in Ft. Thomas at the bedside of her husband who left here a few days ago to enter the service. Mr. Frankel underwent a minor operation Tuesday but is doing well according to latest reports.

OLD TIME SUBMARINES.

A Dutch scientist, Cornelius Van Draebbel, who amazed King James I. of England with many exhibitions of natural magic, made a submarine boat, covered with a skin of greased leather, in 1620, and King James took a ride in it. In 1776 a Connecticut Yankee, David Bushnell, made another submarine boat, intended to blow up the British warships in New York harbor. His boat was of wood, in the form of a turtle, moved by hand power thru projecting screw-shaped propellers. He had attached to it a box containing 150 pounds of powder, to be exploded by

PRICES FOR FARM PRODUCTS

IT'S PATRIOTIC

IT'S PROFITABLE

Our boys have gone to War—We are short of Labor—Machines must replace Man Power—Railroads are requisitioned to give preference to Munitions of War—There is a shortage of Farm Machines and Tools. The situation is more serious than most of us realize. Business of every kind in the United States is being conducted under high pressure. It is very important that your attention be called to these facts.

Farmers should at once know what they will need to the way of Repairs or Machines. The tools that you are to use this season should be looked over at once so there will no delay when it comes time to put them to work.
